**Ayman Omar (Moderator of Panel Discussion)**

Mr. Ayman Omar is an Assistant Professor and the Marvin Fair Faculty Fellow in the Kogod School of Business at The American University in Washington DC. His main area of expertise is global supply chain management with emphasis on strategic and operational supply chain assessments, managing supplier relationships and outsourcing decisions, inventory management and control, and returns management. He has conducted several consulting projects for a wide range of corporations including many fortune 100 companies as well as small privately owned firms. His previous clients include: Dell, Hewlett Packard (HP), Johnson & Johnson, Estee Lauder, Lockheed Martin, GENCO, Radio Systems Corporation (RSC), NAI Industries, and Peerless Pump.

Mr. Omar has worked for Schlumberger Oilfield Services for several years in Egypt and Scotland as a field engineer. He has also conducted short term assignments with other multinational corporations such as Bechtel (London, UK) and Technip (Paris, France).

Mr. Omar has earned his Ph.D. degree in Business Administration with a focus on Supply Chain and Logistics Management from the University of Tennessee. He also has an MBA from the University of Texas at San Antonio and a B.SC. in Mechanical Engineering from the American University in Cairo (AUC).
